About US

Yasma For Contracting Co. provides constructing, building, and general contracting services in the Saudi Market since 2000 as an individual establishment before changing it to Yasma for Contracting Co.

Ever since that time, all the efforts were focused on constructing many projects with high quality and qualification through an integrated engineering, technical and administrative team.

Yasma For Contracting Co. gained its experience through -constructing many private and governmental projects that include executive offices, residential villas, commercial buildings, palaces, complexes and many other projects.

Yasma For Contracting Co. owns an integrated team of skilled labour and modern building equipment with following the best safety procedures.

At Yasma for Contracting Co., we will not be satisfied with what we achieved, we are steadily expanding the size of our business and making our projects more specialized and successful.
